## SOUTHERN TEAM OBJECTS TO HARVARD NEGRO PLAYER

Cambridge, Mass., Oct. 12.—If Harvard insists on playing Theodore Cable, the Negro hammer thrower, on its football team the Vanderbilt university team, which will meet the Crimson here November 9, probably will refuse to go through the game. This is the gist of a dispatch which was received here from Nashville, Tenn.

Cable is out for a variety guard, but to date has been playing with the worst team. His good work attracted much attention. The Crimson manager,

however, probably will not use the youth against Vanderbilt because of the prejudices of its southern rivals.

## BROWN TO BE MANAGER.

Cubs' Old Pitcher Will Direct Louisville Team.

Chicago, Oct. 12.—Mordern Brown, former pitcher for the Chicago National league baseball club, released to the Louisville club of the American association, is to be manager of the Louisville team, a position now vacant, according to a report here today, after a two hour conference

between Brown and President Murphy of the Cubs.

The report gained currency here last week after President William Grayson of the Louisville club conferred here with Brown.

## MIKE MURPHY ILL.

Veteran Trainer of Pennsylvania Forced to Take to His Bed.

Philadelphia, Pa., Oct. 12.—Mike Murphy, the veteran coach of the University of Pennsylvania, who trained the American champions at the last Olympic games, is seriously ill at his home here and his physicians, while

not acknowledging it openly, fear he may not recover.

He appeared upon Franklin field two days, but was forced to take to his bed. Every effort was made to cover the fact that the trainer was seriously ill. Today Mrs. Murphy acknowledged he was in bed and said no person other than his physicians was allowed to see him.

The directors of the Three-I League have boosted the salary limit to \$2,500, a \$600 increase over last season.

"Stuffy" McInnis did some wonderful batting in the post-season series between Athletics and the Phillies.
